Towels are approx. 110cm [43"] open full length by 34cm [13.5"] wide, this gives approx a 52cm [20"] drop from the rail.

Choose from a variety of patterns that have been achieved using a unique multi coloured weaving process. Vibrant coloured threads are woven [no printing or transfers are used] to give these clearly defined designs.

Our Kitchen towels are attractive, hard wearing and being 100% pure cotton are very absorbent and completely colourfast on washing - ideally at 40°C.

These woven cotton roller towels are hand-made in England by **The Mole Hole**, and have the distinctive high quality standards of all **The Mole Hole** branded products.

Frustrated with towels that drop on the floor?

Try our unique hand towel that fastens simply & securely over the front rail of your cooker
